

Cancer

1st Scientific Meeting of the Veterinary Society of Surgical Oncology (VSSO)

Save the Date

**Please come and join us
for the inaugural VSSO Scientific meeting.**

**Thursday, May 24, 2012
and Friday May 25, 2012**

**Hilton Hotel
Fort Collins, Colorado**

A special social event will be held on Saturday May 26, 2012 to honor Stephen Withrow's remarkable career and contributions to veterinary (and human) oncology. Please plan on attending this function in addition to the scientific meeting.

Preliminary Program

Each session will have a keynote speaker that has made a significant contribution to the field in either the human or animal oncology world. State of the art lectures and shorter poster presentations will also be presented. The two day program will provide 16 hours of CE credit.

Sessions include: **Osteosarcoma**, Thursday morning
Cancer Management, Thursday afternoon
Gamma vs. Surgery, Friday morning
Targeted Cancer Therapy, Friday afternoon

For more information visit www.vssso.org.

If you would like to present at the meeting please contact Sarah Boston (sboston@uoguelph.ca) or Stewart Ryan (stewart.ryan@colostate.edu).

Dr. Stephen Withrow, a CSU University Distinguished Professor, is retiring after 34 years of service at Colorado State University. Steve has been a mentor and friend to many of us in the veterinary oncology field. His contributions to our understanding of cancer in humans and pets, promotion of the spontaneous cancer translational animal model, his understanding and embracing of the multidisciplinary approach to cancer management, focus of basic and clinical research and compassion and care for patients made him a pioneer in the field.

A special social event will be held on Saturday May 26, 2012 to honor Steve's remarkable career and contributions to veterinary (and human) oncology.

Please plan on attending this function in addition to the scientific meeting.
